

OUTER LANE FULL CLOSURE TERMINAL 1.5 ARRIVALS LEVEL APM Pedestrian Bridge Construction

Monday, February 21 to Wednesday, March 9, and Monday, April 4, 2022
Varying times between 10PM and 7AM

ACTIVITY

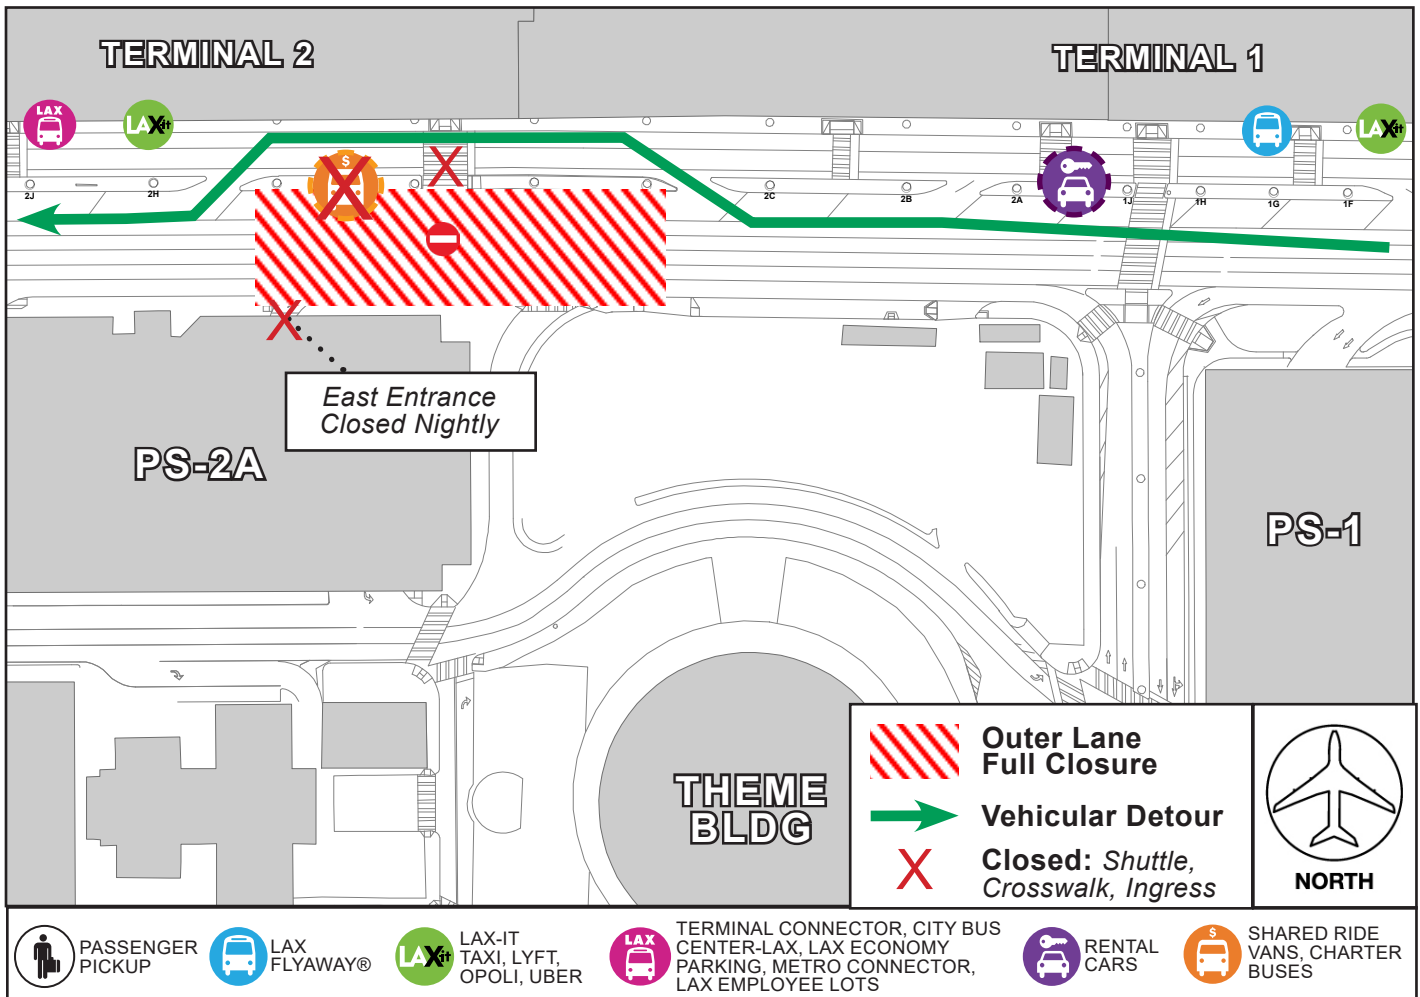

The APM project will construct a Pedestrian Bridge over the roadways between Terminals 1 and 2 to connect the APM's Center CTA Station with the Terminal 1.5 Vertical Core.

Full closures of Arrivals Level Outer Lanes are scheduled for the nights of Monday, February 21 to Wednesday, March 9, and Monday, April 4 during varying times between 10PM and 7AM.

During nightly closures, all traffic will be detoured to the Inner Lanes around construction. The crosswalk and eastern ingress to Parking Structure 2A will be closed, along with the Shared Ride Van shuttle stop.

**As a reminder, the existing Rental Car stop will be temporarily relocated to the east where the current Shared Ride Van stop is. The existing Shared Ride Van stop will be temporarily relocated to the west of the construction area. These temporary relocations are illustrated on the map below.*

Signage and flaggers will be in place to assist with vehicular and pedestrian wayfinding. Please watch for posted signage and prepare to follow all detour routes during all phases of work. Always use caution when traveling through construction areas.
